TurboSwing - holuj stabilniej i wygodniej

Cena	4 500,00 zł
Dostępność	7-10 dni roboczych
Czas wysyłki	5 dni
Numer katalogowy	TBSwing
Producent	Pozostali

Opis produktu

/ **System holowania TurboSwing** jest dostępny w czterech rozmiarach XM, XL, XXL i Giant, rozmiary TurboSwing pozwalają na montaż w łodziach z jednym lub dwoma silnikami zaburtowymi firm Mercury, Yamaha, Honda Marine, Suzuki Marine i Evinrude Outboards od 20 do 300 HP.

Koniec z plączącymi się linami i wkręcaniem się liny w śrubę !! Przedstawiamy TurboSwing innowacyjny system do holowania nart wodnych, desek wakeboard, kneeboard i wszelkiego rodzaju zabawek do holowania. TurboSwing montowany jest do zawieszenia silnika zaburtowego za pomocą opatentowanego systemu montażowego i nie koliduje z funkcją trymowania silnika, dodatkową ważną funkcją systemu jest ochrona silnika.

W celu doboru odpowiedniego TurboSwing, prosimy o kontakt 513 346 132 telefoniczny lub email kontakt@viper-sport.pl
